TRUSTEES' MEETING

DISCUSS ORDINANCE PROHIBITING INTERMENT OF BODIES IN VERDUGO CANYON

The regular meeting of the Board of Trustees of the City of Glendale was held in the City Hall, Thursday evening, May 17, 1917. Present: J. S. Thompson, president of the board, and Trustees Chas. Grist, R. M. Jackson, F. L. Muhleman, G. B. Woodberry. Also present J. C. Sherer, City Clerk; T. W. Watson, City Manager; W. E. Evans, City Attorney; H. B. Lynch, Manager Public Service Department; Edw. M. Lynch, City Engineer; G. H. Herald, City Marshal; A. H. Lankford, Fire Marshal.

The minutes of the last regular meeting were read and approved.

The order of business was changed and the City Attorney made a report in reference to the ordinance, the preparation of which had been referred to him, prohibiting the interment of bodies in Verdugo Canyon. He stated that Mr. Mitchell and his attorney had called upon him in reference to the cemetery proposition, and that it seemed very probable that the enterprise would be abandoned. The City Attorney stated that while the city had undoubted authority to adopt such an ordinance, he suggested that its terms might be made more inclusive so as to cover the whole city. The members of the Board informally agreed upon his recommendation, and further time was granted him in which to prepare the ordinance.

A communication was read from the State Board of Health urging upon all mayors throughout the state that they demand from their health officer, police departments and other appropriate officials, an active policy of protection of the enlisted men and of the civil community against the spread of venereal diseases. On motion of Trustee Muhleman, the communication was ordered to be filed, and the City Manager instructed to reply to same, informing the Board of our present rules and regulations in regard to the general health of the community.

An application was presented from H. Dvorken requesting exemption from the payment of a junk license on the business that he proposes to establish at 806 W. Broadway. On motion of Trustee Muhleman, the request was refused.

A communication was read from Winifred F. Marr, stating that she had received a reply from the Manager of the Public Service Department in answer to her request that the city furnish her water service, and desiring to know if the substance of the letter from the Manager of the Public Service Department has the endorsement of the Board, further stating that in the event of no reply being received to this communication within a week, she would assume that such is the case.

The Manager of the Public Service Department stated that he had written to Miss Marr to the effect that the city not having any water pipe system in the canyon, could not, therefore, furnish water as she desired. On motion of Trustee Muhleman, the Clerk was instructed to write to Miss Marr to the effect that the city cannot supply her with water, and to call her attention to her evident misunderstanding of the situation in reference to the west side stream.

The City Manager presented a contract to be entered into with the Glendale Municipal Band, providing for the giving of twelve public concerts, the first of which will take place on the 24th day of May, 1917, and one concert to be held on each succeeding Thursday evening until the twelve concerts have been given, in consideration of which the city agrees to pay the sum of $30.00 monthly for the period beginning May 1st, 1917, and ending April 30, 1918. On motion of Trustee Grist the contract was approved and ordered to be signed by the President of the Board, and the City Manager was authorized to secure the services of the band for Saturday evening, May 26th next.

The City Manager made a report in regard to the building of the bandstand, accompanied by the Building Inspector's estimate of the cost, amounting to $67.00.

The Manager of the Public Service Department volunteered to contribute the work of wiring the stand, thus reducing the estimate.

The matter of providing seats for the weekly concerts was left in the hands of the City Manager to report upon at the next regular meeting.

At 9:10 p. m., Chairman Thompson was excused and retired, calling Trustee Woodberry to the chair to act as Chairman.

On motion of Trustee Muhleman, Ordinance No. 310, "An Ordinance providing for the protection of the purity of domestic water in Verdugo Canon, prohibiting the erection or construction of cesspools, in certain portions of said canon, regulating the construction of cespools in certain portions of said canon and repealing Ordinance No. 308 of the City of Glendale," was ordered to be taken up for third and final reading, and upon being read was on motion of Trustee Jackson, adopted by the following vote:

Ayes: Grist, Jackson, Muhleman, Woodberry.

Noes: None.

Absent: Thompson.

AT THE HIGH SCHOOL

PREPARE FOR BIG CROWD OF FANS AT SATURDAY'S BALL GAME

Much enthusiasm has been shown during the last few days in regard to the baseball game with Santa Barbara tomorrow afternoon. Last week Santa Barbara bent us on their own grounds, but only with the aid of the umpire; and this week the boys are determined to come out on top. As this will be the "big" game of the year preparations are being made for the largest crowd of the season, not excluding the record crowd at the Christian Endeavor game. The diamond will be roped off, and all spectators will be forced to view the game from the grandstand. Earl Brown, the manager of the school band, is planning on having his cohorts present to aid the rooters. The probable lineup for the game will be Crandall, pitcher; Reese, catcher; Padelford, first base; Fishel, second base; McGillis, short stop; West, third base; Wilson, left field; Lee, center field, and Eckles, right field. John Sharpe, the first string catcher of the team, has a badly bruised ankle and will not be able to take part in the game.

Both of the senior Physics classes have been busy during the past two weeks in planting a garden plot of beans. About one hundred square feet of soil was found untouched and the boys are doing their best to utilize it in the quickest way possible. Mr. Houdyshel is furnishing the seeds, and the proceeds are to go toward the Physics laboratory fund. It is hoped by them that the crop will be ready to harvest by the end of school, but in the case that it is not, several of the boys have volunteered to take care of the garden during the first few weeks of vacation.

At a meeting of the Science club held recently the following were put on the program committee: Phyllis Adam, Theodore Hopping, Walter Peters, and Earl Merritt. With the exception of Phyllis Adam, who is president of the society, every member of the committee is the head of a certain branch of the club: Theodore Hopping of the biological branch, Walter Peters of the engineering department, and Earl Merritt of the chemistry department. The committee is planning on having several lecturers speak to the club in the near future.

MUTUAL BENEFIT READING CIRCLE

William A. McKeever's fine book, "Training the Boy" was completed at the Wednesday last meeting of the Mutual Benefit Reading Circle. At the next meeting (on May 23rd) the circle will read Luther Burbank's small volume entitled "The Training of the Human Plant." It will be very interesting to compare the ideas of these two men,—the one a veritable wizard in the production of new and remarkable species in plant life; and the other a man broadly known in the educational world.

William A. McKeever's companion volume, "Training the Girl" will be taken up in June. This should be full of suggestion and help to all mothers of girls. Anyone who has girls or is interested in the development of the body, the mind and the morals of girls, will be cordially welcomed at these circle meetings.

Besides the regular members, there were present Mrs. Minette Sherman, Mrs. H. W. Flower, and Mrs. T. Binkley of Petaluma, Sonoma Co., Cal.

MUSICAL TEA

Miss Melicent Virden, 235 Mira Loma Ave., Tropico, entertained with a "Musical Tea" ten noted musicians from Los Angeles. A delicious four-course luncheon was served. The decorations were of roses.

The guests were the Misses Ida Salby, Anna Schulman, Minnie Schelletsen, Carrie Schelletsen, Mary Lanterman, Harriet Lanterman, Cora Siegomberd, Helen Poppe, Wilhelmina Rector, and Mesdames Schwartz, and McCrary.

MILITIA FOR FEDERAL SERVICE

STATE TROOPS WILL BE SENT TO TRAINING CAMPS IN THREE UNITS TO BE PREPARED FOR SERVICE

(Special Service to Glendale Evening News)

WASHINGTON, May 18.—The war department has announced that the militia will be called into federal service. These troops will leave in three units for the training camps, July 15 and 25 and August 5. The training will consist of intense instruction in modern warfare and it is estimated that six weeks or two months instruction will be sufficient for these men, after which the selective service men will be trained. It has not been announced but it is assumed that the militia will be sent to Europe for service. The commanders are authorized to recruit their commands to the full strength. However, the men will be sent to the training camps regardless of whether or not the regiments are recruited to their full strength. The California militia will be called out August 5.

NEED AMERICA'S FULL STRENGTH

LORD DERBY SAYS UNITED STATES MUST FIGHT AS IF SHE FACED GERMANY ALONE

(Special Service to Glendale Evening News)

LONDON, May 18.—Lord Derby, successor to General Kitchener, made the following statement to-day: "The war will not end until America's full weight is thrown in the scales. Not until America begins to act as though she alone were facing Germany will there be a possibility of predicting the end of the war. The bigger blow that America is able to deliver and the sooner she delivers it the sooner will the war end. America must not be misled by German propaganda that the end is near. Germany is ready to quit on her own terms but she will fight a long time before she will accept the terms democracy demands."

AMERICAN MEDICAL UNIT IN ENGLAND

ADMIRALTY ANNOUNCES ARRIVAL OF FIRST HOSPITAL CONTINGENT FROM UNITED STATES

(Special Service to Glendale Evening News)

LONDON, May 18.—The arrival of the first contingent of the American army medical unit in England and a number of Japanese gunboats at Marseilles has just been officially announced. The Chronicle says an American destroyer beat off a German submarine that was attempting to torpedo the White Star liner, Adriatic.

TO AID WAR MOTHERS

CONGRESS AND CABINET CONSIDER PLANS TO EXTEND GOVERNMENT AID TO FAMILIES OF SOLDIERS

(Special Service to Glendale Evening News)

WASHINGTON, May 18.—Congress and cabinet members are discussing means to extend government aid to war mothers. The Children's Bureau has suggested a rural nursing service in each county with county centers for free maternity and infant welfare information and county maternity hospitals. This aid must come through public appropriation and not charity, as it is for the public good. The families of soldiers must be especially safeguarded, if we are to wage a war for humanity and democracy.

CLARK AND MARSHALL SIGN BILL

SECRETARY DANIELS PERUSES ARMY BILL BEFORE SENDING IT TO PRESIDENT FOR HIS SIGNATURE

(Special Service to Glendale Evening News)

WASHINGTON, May 18.—Speaker Clark and Vice-president Marshall signed the army bill this morning. The bill went to Secretary Baker for perusal before being sent to the president for his signature.

FIGHT REPEALING OF CHILD LABOR LAW

CLUB WOMEN AND SOCIAL WORKERS SAY WOMEN AND OLD MEN SHOULD REPLACE CONSCRIPTED MEN

(Special Service to Glendale Evening News)

NEW YORK, May 18.—Club women and social workers are protesting against the proposed war time repealing of the Child Labor law. The statement is made that the women and old men will replace conscripted workers.

ITALIANS MAKE PROGRESS

STEADY ADVANCE IN IZONZO CAUSES ORDERS FOR EVACUATION OF TERRITORY BY AUSTRIANS

(Special Service to Glendale Evening News)

ROME, May 18.—Austria has ordered the civil evacuation of the Izonzo section in which the Italians have been steadily advancing. An Austrian attack on Corso was heavily repulsed. East of Gorizia the Italian troops have occupied the heights of Gazigna.

WILSON DEPENDS ON Y

Y. M. C. A. WORKERS PLEAD THE CAUSE OF THE SOLDIER BOYS AT MASS MEETING

By Walt Le Noir Church.

When war was declared, President Wilson said to the great Y. leader: "Mott, get busy."

Mott, and the whole Y. has been pretty busy ever since, and is getting busier, as the job gets bigger.

What is the job?

To keep the Army of Vice away from the Army of the U. S.

A man's job. A Nation's job.

Police—not Metropolitan, but National Police Regulation may be necessary, as a war emergency.

The efficiency of our young heroes must be preserved.

That Right of the Nation must prevail; even if Vice be beaten, barred, or banished.

That is a condition, not a theory; a necessity—not an incidental.

Our young soldiers in the stress of their first training, would not be allowed to "hit the pipe"—nor the bottle. Why then should what is worse be permitted?

The Nation's self preservation is the Nation's first law; and the last. Necessity makes its own law for a Nation, regardless of alleged natural rights of individuals.

One comes out in the open, declares war, and gets busy with the gun. They have our respect—even when our rapid fire guns are mowing them down.

The other pirates of loyalty, flaunts the flag, sings "America"—then, for money, debauches and debases the youth of our army, on whom the Nation depends in its hour of need. They should meet the fate of spies; without hope of pardon, hated and despised. The strong arm of the Government, directed by the strong will of our strong man in the White House, may not prevent the unorganized mobilization of the Army of Vice; but it can, and, thank God, it appears that it will, set metes and bounds beyond which that vicious army shall not go in the direction of our rapidly growing young legions, composed of boys not raised to be soldiers; but freely given to their Country by heart-aching mothers, who have a right to demand of the Government for whom such sacrifice is made; "Protect my boy from The Scarlet Woman; from her who lies in wait, almost within the lights of the camp fires." Woodrow Wilson, the Wise, the Just, the Honorable, will heed that cry of a million American mothers. So mote it be.

That, in substance, is the gist of the eloquent orations last night delivered in the High School auditorium, by four fearless Americans who dare to tell the truth as it is; to show that neither Temptation nor Opportunity is dangerous so long as they are kept separated; the farther, the better for our Army and Navy. Unless that strict separation be maintained, what a foolish farce to wave Old Glory, and sing with ununderstanding hearts:

"The Army and Navy, forever!
Three cheers for the Red, White and Blue."

The four speakers who so nobly voiced such sentiments are: First: Mr. Cass, one of the four men in California, selected by Preisdent Wilson for the Committee of One Hundred on National Defense.

Second: Dr. L. B. Sperry, M. D., a noted Temperance, anti-cigarette, Lyceum and Y. M. C. A. Lecturer. He called a spade, a "spade", and hesitated not to make it clear that in a growing youth, from 18 to 25, the cigarette is strewn thickly all along the Primrose Path to Destruction of body, mind and soul. It is doomed, as a war necessity in emergency.

Third: "Our own Mattison," who illuminated the common conclusion till it radiated truth, compelling conviction to al lwho are open to conviction, all who think what they must—not merely what they wish.

Last, but not least, the efficient, practical, ubiquitous, Y. Director of Activities, O. E. Von Oven. He rounded up what the others had so logically spoken. Then, out of compliment to its author, he most forcibly read a short song, entitled, "Work, for the War is on us," dedicated to the War Workers of The Y., by The Secretary of the Glendale Chamber of Commerce, just written.

After that song received the glad hand, Director Von Oven told the people the need for money to do just what that song pleaded for; and told all willing to pay, to put up their hands. Up went a hundred hands; and Glendale is committed to help that noble, necessary work of the Y. relied on by our wise, far-sighted President, to brighten the lives of our young heroes in camp, and to keep them away from the plumed and painted Sirens who would lure them into the Maelstrom of wrecked reputations, b'asted hopes and smirched honor.

Stanley Baker's Saxephone (with piano accompaniment by his wife) hinted at the Lorelie's lure by enticingly playing "The Kiss Waltz" then contrasted that with the purity, sweetness and uplift in Moore's old melody, "Believe me, if all those endearing young charms."

The pure and the true are always in the end paramount; not as a mere conventional moral; but in the eternal fitness of God's good work, which is ever good, till marred by man, himself.

BIBLE CONFERENCE

BRILLIANT ARRAY OF SPEAKERS AT PRESBYTERIAN CHURCH NEXT WEEK

The Glendale and San Fernando Valley Second Annual Bible Conference will be held May 24, 25, 26, 27, 1917 at the Glendale Presbyterian church, corner Broadway and Cedar St.

THE SPEAKERS

Dr. R. A. Torrey, who opens the conference Thursday evening, is known in every Christian household. His world-wide evangelistic campaigns, and his many writings, have been richly honored of God. Dr. Torrey is dean of the Bible Institute.

W. E. Blackstone, whose book, "Jesus Is Coming," has been translated into many languages, and whose addresses on Dispensational Truths have been delivered throughout this and other lands, will speak on "The Imminent Return of the Lord."

Rev. Wm. Evans, D. D., of the Bible Institute, will give the closing address of the Conference. His many books on Bible study, together with practical addresses, have made him a prominent figure before religious gatherings all over the country.

Dr. J. R. Pratt, of Pasadena. Hundreds in Glendale have heard with great profit his weekly expositions on Romans and Ephesians. He will speak on "The Person and Work of the Holy Spirit."

Prof. H. W Kellogg, of Occidental college, is one of the most interesting and practical teachers of Bible truths. He is well known in Glendale.

Rev. F. W. Farr, pastor Calvary Baptist church, Los Angeles. He will speak twice during the Conference. His messages are always helpful and inspiring.

Rev. Geo. W. Davis, Southern Calif. "Christian and Missionary Alliance." He is an unusually strong exponent of the Scriptures.

Rev. M. C. Martin, Anaheim Presbyterian church, will have charge of the Devotional Hours of the Conference.

Rev. Campbell Coyle, D. D., Highland Park Presbyterian church, will speak on "The present world war in the light of Phophecy." He always gives strong emphasis to Dispensational Truths.

Rev. J. H. Hunter, Secretary of the Bible Institute, is among the foremost Bible teachers in this country. He has spoken many times in different churches in Glendale, and always to edification. His address will be on "Getting Together."

WEDDING ANNIVERSARIES

Mr. and Mrs. C. W. Taylor, 1208 Chestnut, entertained with a dinner party last Thursday in honor of their fourth wedding anniversary, and the fifth wedding anniversary of their sister and brother, Mr. and Mrs. R. L. Taylor, 1318 W. Ninth St. Sixteen guests partook of their hospitality, and after dinner the chief feature of the evening was cards. The dinner table centerpiece was of sweet-peas, and the house was beautifully decorated throughout with roses, sweet-peas, and honeysuckle. It was a happy occasion for both families and their friends.

MR. CAMPBELL IMPROVING

Friends of Daniel Campbell will be pleased to know that he is recovering nicely from his recent operation and will likely be able to return to Glendale the first of next week. Mr. Campbell has been ill for the past month and about a week ago underwent an operation on his ear. He has been at the home of Dr. Campbell in Los Angeles so that he might be under the constant care of Dr. Campbell. Mrs. Campbell is quarantined at her home, Ard-Eevin with her second son, Arthur who has an attack of scarlet fever, so plans are being made to remove Mr. Campbell to the home of his brother Arthur in North Glendale next week.

GLENDALE, CALIFORNIA, FRIDAY, MAY 18, 1917

TO TEACH MEN AND WOMEN HOW TO HELP THEIR COUNTRY

"How may I help the nation in its time of need?"

To aid men and women to answer this question, the University of California will conduct a special five-week term from May 21 to June 23, immediately before the regular Summer Session, which runs from June 25 to August 4. Every course will help equip people to serve the nation well in its wartime emergency.

One may get training as a military aviator or as an expert in civilian relief or other social work, or learn how to make hospital garments and surgical dressings, or study first aid and home care of the sick, food conservation for the household and the community. Men and women wishing to enroll for this special session should write at once to the Dean of the Summer Session, 209 California Hall, Berkeley.

Those who wish preliminary training as military aviators will spend three weeks in intensive military work, together with physical educaton and training in telegraphy, and four weeks in technical instruction.

Those who want to help in the difficult problems of war relief work can receive training from Dean Lucy W. Stebbins in community methods for maintaining the standards of life and safeguarding the social welfare of women and children.

Nineteen specialists in home economics will share in teaching how to make hospital garments, or "comfort bags" for soldiers, or surgical dressings, or relief supplies of clothing for adults, children, and babies. Professor Mary F. Patterson, head of the Department of Home Economics, will train social workers and mature women who have had business or practical experience in the problems of organizing substations for war relief work and "housekeepers' institutes," and of enlisting the personal responsibility of the women of California for the conservation of materials, the prevention of waste, and the development of economical buying.

Besides a Red Cross course in home dietetics, there will be "field cookery course," dealing with the possibilities of the army ration, company cooking, and the field kitchen, and an "emergency normal course," conducted by Professor Agnes F. Morgan, in which women will be trained to teach others the buying, preservation, and conservation of food, methods of conducting co-operative canning and food preserving clubs, and relief projects concerned with the food problem.

A number of courses of a similar type are to be emphasized, also, in the regular Summer Session at Berkeley, from June 26 to August 4.

"DIE TAUSAND SCHONE"

Yesterday, a world-traveled woman stopped, surprised, at the Glendale Chamber of Commerce window, dedicated to California's rarest most beautiful flower. Then she came in. "Where did those lovely roses come from? Would it be possible for me to buy a few cuttings? I did not know they could be had in America. The only ones I ever saw were in Europe. I see that here they grow twenty-thirty or more on one stem; and that such royally laden stems are frequently thickly grouped. I saw nothing like that in Europe, or even in The Flowery Kingdom."

The answer was: "No, you can not buy such flowers in Glendale. But if you go to the N. W. corner of Brand boulevard and Milford streets, Glendale, you can see what it is hardly likely you ever saw in Europe or elsewhere—a wire fence three hundred feet long, from 6 to 8 feet high, almost a solid bank of those matchless roses, blossoming clear down to the ground. While you probably could not buy one for any money, perhaps the practical, yet poetical rose-lover who owns that wondrous blush of Mother Nature, might give you what you want, as one of the few who appreciate such a marvel."

If that rare and radiant display of the Queen of the Queens of Flowers were within high walls, instead of on a public street corner; and those wondrous flowers could be seen only for a price, those two streets would be lined with limosines, and the continuous income would pay for the ploughing of most all the vacant lots in Glendale.

The greatest marvel is the fact that this fence was erected in the Spring of 1916! How could Nature produce such results in so short a time. But, that is Glendale's way; the Best—the shortest notice. That Rose Forest is a benediction to Glendale. To him who hath, and appreciates what he hath, shall be given. That is why Glendale is first and best in so many good things.

Secretary Glendale Chamber of Commerce.

In the Auditorium at Normal Hill Center, Los Angeles, May 18th and 19th, beginning 2:00 p. m. will be held the fourth semi-annual meeting of the California Avocado Association. All members of this association or those interested in the growing of this fruit should surely attend as there will be noted speakers to make addresses. Men from the U. S. department of Agriculture, from San Francisco, and College of Agriculture, Berkeley, will be the speakers on this occasion.

In Again Out Again On Again

He gets them and loses them, but they all come back eventually to Booth. Here's an instance:

One Glendale lady purchased coffee from Mr. Booth and they liked it very much—best they ever had. A smooth-tongued, misrepresenting solicitor from Los Angeles persuaded her to try his. "Result," they could not drink the nasty stuff. It is now waiting on the doorstep for that slick, glib-tongued orator to collect.

To-day the lady phoned Mr. Booth: "Please send me some of your Better Coffee. I like yours the best."

Moral: Buy your coffee from one who understands coffee, from Booth, who keeps it clean, sells it clean, and delivers it clean. Fresh from the roaster to your coffee pot. In bulk only. No fancy can.

Owing to increased cost of coffee and tea, Booth by keeping his prices down looks for increased sales. His expenses are considerably less by his purchasing and distributing power of one man, which enables him to give his customers better value and better service by his large and varied experience.

The only difference is you don't have to stand in the bread line and wait on yourself or anybody else and pack it home. Booth will gladly give you prices over either phone and deliver by his express auto delivery free of charge. Over 1000 pleased customers are drinking and enjoying Booth's Better Coffee and Tea every day—morning, noon and night.

Monrovia is considering a Municipal garden. Beans and corn will be principally planted. Investigation is being made as to the food production of the city, and of acreage available for the garden. Demand is being made for gardening irrigation, to the extent that the municipal water department has compiled a rate for same. 50c per 600 cubic feet with 3c per 100 for the excess. Consumer pays $1.00 per meter for installation and removal. An advance sum of $1.00 must be deposited for every 7500 sq. ft. or less, of ground planted. If Consumer has a regular domestic water service already installed, he can avail himself of the domestic minimum charge.

If Monrovia city officials decide to put this plan through, they will probably hire a Gardening Superintendent who will have charge of the summer irrigating.

It will surely make our cities and towns look better to have all the unused lots under cultivation, instead of growing weeds, to say nothing of the value in foodstuffs than can be grown thereon. It is to be hoped that many other cities will follow suit.

The oat cakes of Scotland are said to approach nearer the primitive type of bread than anything else known today.

This morning a number of the Glendale ladies attended the Friday Morning club, which meets in their club house on Figueroa, Los Angeles. Miss May Mukle, violin solist, and Mrs. Greta Masson Murch, soprano, will give the entire program. Miss Mukle is an artist of international reputation. Mrs. Murch, who is spending the winter in Los Angeles, is one of Chicago's singers. The program will be a rare treat to all who may attend.

J. F. Lilly, who has found the confinement of his office detrimental to his health, took up gardening about two months ago and is cultivating three vacant lots near his home. He has found that not only has his health improved but that there is a wonderful satisfaction in working in the soil. About the time Mr. Grubb, the potato expert, gave his lecture here, Mr. Lilly planted potatoes and in six weeks he had new potatoes for his table from his garden, and has been using them ever since. Yesterday he weighed two large smooth potatoes from his patch and found that the two tipped the scales at one pound. These potatoes were planted just two months ago.

MAY SHOWER

Mrs. L. C. Leeds and Miss Tessa Bott were hostesses Thursday evening at 900 Dryden street to a merry company of young people who met to honor Miss Helen Bott, who is to be a June bride. The decorations were of cupids, hearts and Cecil Bruner roses, a pink and white color scheme being daintily carried out. A number of clever games had been arranged by the hostesses and dainty refreshments were served. A large basket resplendent in decorations of pink and white and filled with beautiful and useful gifts was presented to the guest of honor much to her surprise. The guests were: Misses Ellen Burg, Florence Thomas, Bertha Bowker, Rilla Aird, Blanche Clay, Hattie Bott and Mrs. Mildred Haun, all of Los Angeles, and Misses Clara Midcalf, Addie Midcalf, Marjorie Singleton, Eva Gould, Helen Gould, Ruth Spafford, Irene Jones, Irene Garvis, Alda Garvis, Mabel Robins, Nina Garst, Sarah Hommer, Helen Bott, Tessa Bott, Mrs. W. N. Bott and Mrs. L. C. Leeds of Glendale.

ST. MARK'S EPISCOPAL CHURCH

Last Sunday, May 13th, Bishop Joseph H. Johnson made his annual visitation to St. Mark's church and confirmed seven young men and boys. They were all from the Boys' Choir which is doing such splendid work in leading in music the growing congregation of St. Mark's. Under the able direction of Mrs. Le Roy W. Bosserman the boys are getting good as well as doing good. Our solo singers, Mrs. Calvin Whiting and Miss Nellie Williams, are a great addition to our choir. On this week Wednesday at 8:00 p. m. there was held in the Guild Hall of the church, according to the announcements made last Sunday, our annual Parish meeting for its election of church officers for the ensuing year. The annual reports given from the different organizations of the church were full of encouragement and the membership of the church, united and loyal as they are, start into the new year full of courage and enthusiasm. The old Vestry were re-elected with one additional member. The members elected were: C. Irving Mills, Charles H. Hamilton, Harry H. Parker, Harold G. Morris, Louis G. Scovern, Oliver J. Merrill, and Stephen R. Marshall. The annual Council of the Diocese will be held in St. Paul's Pro-Cathedral, Los Angeles, next week Wednesday and Thursday. At the Parish meeting the following men were elected delegates to represent St. Mark's: E. T. Young, Menzo Williams, Albert D. Pearce, Stephen R. Marshall, Harry H. Parker, and Oliver J. Merrill.

Next Sunday our Sunday school will attend in a body the great Sunday School Mass meeting to be held in the Pro-Cathedral at 3:00 p. m. On Tuesday, being Women's Auxiliary Day of Council Week, Mrs. W. S. Porter, its President, will head the delegation of St. Mark's branch of the Womans' Auxiliary at the annual meeting. So we are looking forward to a busy week and a prosperous year.

HIGH SCHOOL GIRL'S DEATH

The friends of Miss Elmar Cawood will be sorry to hear of her death which occurred in the Sanitarium of Lavina, where she has been for a period of four months. The cause of her death was tuberculosis. Miss Cawood, who is 18 years of age, is the daughter of Mr. and Mrs. A. E. Cawood, 1453 Ivy St., and was a Junior in Glendale High School. Her father is well known in Glendale, having been connected with the Universal Film Co. for some time. The funeral services will be held Saturday, 3:00 p. m. at the Jewel City Undertaking Parlors, Third and Brand Blvd. Services in charge of Dr. Mills of the Episcopal church. Open funeral.

THURSDAY AFTERNOON CLUB MEETING

The Thursday Afternoon Club held their regular meeting in the Club rooms of the City Hall, Thursday afternoon, May 17th. A goodly number of its members were present. Two splendid talks were enjoyed, Miss Leta Horlocker, Dist. Federation Chairman of Art, addressing them on "Interior Decoration," and Miss Eula Richardson, on "Conservation of Foodstuffs."

Miss Horlocker brought some beautiful drapery, pottery, china, and other things of art to illustrate her talk. Her main theme was decorating the home in likeness to nature. A social hour with refreshments gave opportunity for examining the articles of Art.

A City Club Civic Club Com. whose duty is work in connection with the Los Angeles Extension Club was appointed. The five were Miss Gertrude Gibbs, Chairman, Miss Leigh Bancroft, Miss Arphur Sleury, Mrs. E. Z. Bacon, and Mrs. Edwin Virden.

ORDER GLASS JARS NOW

Through the wholesale department of one of the largest hardware houses in Los Angeles we gather the information that there is likely to be a shortage in the supply of glass jars for canning purposes. Because of the lack of tin cans many housewives have turned to the glass jars. This is causing so great a demand for this article of merchandise that dealers may not be able to secure a supply sufficient for our needs unless the jars are ordered considerably in advance of the time we desire to use them. Merchants must be given time to place their orders with supply houses and these last mentioned, in turn, require time to move their goods.

The statement has been received that people generally have no idea how merchants are limited in ability to provide the supplies we daily use and need. This is largely due to the fact that they have not sufficient advance knowledge of demands which may be made upon them. Numerous orders are sent in for some particular article of which ordinarily only a small stock is kept on hand and then prices immediately go up because of a temporarily unsupplied demand.

If housewives will remember to order some time in advance anything they may desire in large quantities and any product or article not commonly kept in large amounts by the merchants, they will save themselves and their dealers much trouble and annoyance. They will also prevent to a large degree a raise in prices for the whole community on that particular article. With proper knowledge of a likely demand merchants can place orders in advance and thus are enabled to provide the necessary supplies. This helps to keep prices normal.

With this in mind, it is suggested that all housewives look over their store of glass jars, cans, lids, covers, and rubber bands used in putting up fruits and vegetables. Ascertain as soon as possible what more will be required to enable you to care for all the products you desire and need to can. Then at once turn in your order to your local dealer so he may have the goods for you when you wish to use them.

We are told that mason jars, together with covers, self-sealing lids, and rubber bands desired for delivery and use in June, July, and August should be ordered immediately. Our early attention to this matter may save many fruits and vegetables from going to waste a few weeks hence. It will also enable us to have a well-supplied larder for family use.

Covers for ordinary mason jars are even now 25 cents a dozen and the Kerr Self-Sealing jar lids are now 15 cents per dozen instead of 10 cents, their price last year. Order now and help save further advances in these prices.

Home Conservation of Food Committee,
MRS. KARA S. ROOT, Chairman.
MRS. R. D. WHITE, Sec'y.

SAVE FRUIT BASKETS

We have been reliably informed that a certain local basket factory is being forced to close its doors because it is not able to procure the tin bindings for top of baskets and other containers, nor the transportation for a supply of suitable wood out of which to make baskets. This is likely to cause a higher price on these containers if not a decided shortage in them.

All housewives are earnestly requested to save these baskets now coming into their hands. As soon as emptied of their contents, kindly wash, scald and thoroughly dry the baskets and put them aside in a clean place. As soon as a considerable number of them have collected telephone Miss Eula Richardson, "Glendale 957 J" and arrangements will be made to take them off your hands.

It is also suggested that all glass bottles having large necks, such as might be used in preserving catsup, should be saved. Glass containers holding dried beef, bacon, store jellies and jams, can all be used during the fruit season, and in case you have no personal use for them, your committee on home conservation of food will be most grateful to receive such donations for use in their demonstration class work which they hope soon to inaugurate in the near future.

Home Conservation of Food Committee,
MRS. KARA S. ROOT, Chairman.
MRS. R. D. WHITE, Sec'y.

WORDS THAT RING TRUE

Cardinal Gibbons, speaking at a "preparedness meeting" for young people in Baltimore is quoted as saying:

"I want every boy here to be 100 per cent. patriotic, so that whenever an emergency comes you will be ready to stand up for the dignity and the honor of your country and hold back at no sacrifice in maintaining the rights of the greatest land on earth."

CURT COMMENT

"I take off my hat to Boston," said Billy Sunday. Yes, and he passed it around.—Wall Street Journal.

One precedent creates another. These soon accumulate and constitute law.

The population of California was on January 1, 1917, 2,983,843. Judging from the reports of our railroad and steamship companies, we have increased more than enough to insure us at least a population of 3,000,000.
